MEMBER BENEFITS

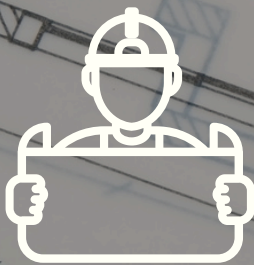

Choose the right membership for you

ASSOCIATION FOR PROJECT SAFETY

APS was founded in 1995 to support professionals working, or interested, in design and construction health and safety risk management. Members are largely drawn from architecture, engineering, architectural technology, project management and surveying. Membership of APS supports continuous professional development and demonstrates the highest professional standards.

The Association for Project Safety [APS] is the representative professional body dedicated to working in partnership to eliminate deaths, tackle ill-health and manage risks throughout the whole life of any project in the built environment.

APS MEMBERSHIP

The Association for Project Safety [APS] supports all members at every step of their careers offering relevant training, professional development and peer-to-peer support. We work with partner professional bodies to provide wider access to education, events and networking.

APS welcomes both individuals and businesses. Whether you are at the start of your career journey or you are already an experienced practitioner there is an APS membership for you.

ASSOCIATE MEMBERSHIP (AaPS)

This category is open to all in the construction sector who are starting out, or wish to develop experience, in design or construction health and safety risk management. Please note, this category of membership is not assessed. If you are relying on your membership to demonstrate competence, then either the IMaPS or CMaPS level of membership would be required.

Take a look at the benefits included in Associate Membership:

- Recognition as an APS Member on the Website
- Use of APS Register Mark
- Practice notes and guidance library
- Access to past online events, on demand
- Spring and Autumn CPD series
- Spring and Autumn webinar series
- Briefing notes and guidance
- Project Safety Journal, a quarterly magazine
- Discounted publications
- Discounts on paid events
- Discounted insurance

INCORPORATED MEMBERSHIP (IMaPS)

This level of membership is aimed at professionals working in the construction industry who wish to demonstrate their skills, knowledge and experience of CDM-related activities.

Take a look at the benefits included in Incorporated Membership:

- Recognition as an APS Member on the Website
- Use of APS Register Mark
- Practice notes and guidance library
- Access to past online events, on demand
- Spring and Autumn CPD series
- Spring and Autumn webinar series
- Briefing notes and guidance
- Project Safety Journal, a quarterly magazine
- Discounted publications
- Discounts on paid events
- Discounted insurance
- Legal advice line
- Technical advice line

CERTIFIED MEMBERSHIP (CMaPS)

This category is aimed at professionals demonstrating a depth and breadth of skills, knowledge and experience in design & construction health and safety risk management. Applicants for Incorporated Membership must pass the CDM2015 online exam along with 4 specialist exams; 1 being 'Health' with another 3 of your choosing from the exams available.

Take a look at the benefits included in Certified Membership:

- Recognition as an APS Member on the Website
- Use of APS Register Mark
- Practice notes and guidance library
- Access to past online events, on demand
- Spring and Autumn CPD series
- Spring and Autumn webinar series
- Briefing notes and guidance
- Project Safety Journal, a quarterly magazine
- Discounted publications
- Discounts on paid events
- Discounted insurance
- Legal advice line
- Technical advice line

FELLOWS (FaPS)

Applications are open to CMaPS members who have held APS membership for at least five consecutive years. To apply, simply submit your completed application along with the required supporting statements and application fee. If shortlisted, you'll be invited to a video interview with a panel made up of Board members, APS HQ staff, and existing Fellows.

Take a look at the benefits included in Fellows Membership:

- Recognition as an APS Member on the Website
- Entry on APS website
- Use of APS Register Mark
- Practice notes and guidance library
- Access to past online events, on demand
- Spring and Autumn CPD series
- Spring and Autumn webinar series
- Briefing notes and guidance
- Project Safety Journal, a quarterly magazine
- Discounted publications
- Discounts on paid events
- Discounted insurance
- Legal advice line
- Technical advice line

CORPORATE MEMBERSHIP

Being an APS corporate member means your business demonstrates nationally recognised competence in the disciplines of Designer and Principal Designer. APS also offers assessments so your firm can prove its competence in the non-statutory roles of CDM adviser & consultant to the Principal Designer (PD Adviser). APS provides a one-stop-shop looking after your ongoing SSIP membership and managing your annual reassessment.

Take a look at the benefits included in Corporate Membership:

- Recognition as an APS Member on the Website
- Entry on APS website
- Use of APS Register Mark
- Free advertising on job vacancies to your key audience of professionals;
- Project Safety Journal, a quarterly magazine
- Discounted publications
- Discounts on paid events
- Discounted insurance
- Legal advice line (not DTS)
- Technical advice line (not DTS)
- Discounts on group bookings

RETIRED MEMBERSHIP

For existing APS Members who have ceased working, but wish to stay in touch with what is happening.
